Review-Digital Life-The Straits Times, Singapore-April 5, 2005 Distributor Mediasoft Integration has brought in two 3D software from **EOVIA Corp** in Europe. The two packages are the Carrara 4 and Amapi pro 7.5.

Carrara 4 (above right) runs with the Windows 98 or later, and Mac OS X 10.1 or later, operating systems. It is an easy-to-use software for 3D animation, as well as modeling and rendering for media, print and the web-editing and doing special effects in video for example.

The software comes in three editions: 3D basics, Standard and professional. Prices starts from \$99 (carrara 3D basic) for commercial use.

Amapi pro 7.5, a higher end 3D modeling program is for architects, designers and advanced 3D modelers. With Nurbs, or not uniform rational B-spines a mathematical description of an object-say its curve or surface-the program lets the user create and edit complex surfaced and volumes.
